

KX-F8016LC2

Signal Detector

Technical Specification

Model	KX-F8016LC2
Traffic Light Signal Input	Connect to max of 16-ch 220V/AC traffic light signals
Traffic Light Signal Mode Switch	May switch traffic light signal detection mode
Serial Upgrade	Via RS232 port to upgrade system software
Communication Port	Four RS485 ports
Indicator	Power indicator , working indicator , detection indicator total of 16
Dial Switch	One 8-bit switch
Power Input	One power port, AC85~265V 50+2% Hz
Consumption	<3W
Working Environment	Working temperature -30°C ~ + 70°C , working humidity 10%~95%
Dimensions (mm)	440x300x42.6
Unit Weight	2.5Kg
